

Caring for People Who Have or Might Have Coronavirus (COVID-19)

1

WASH HANDS, WASH SURFACES

- Wash hands with soap and water for 20 seconds or more after touching anything or anyone
- Clean touched surfaces and objects with soap and water

2

KEEP SOME DISTANCE

- Keep a safe distance of 6 feet when possible
- Don't touch or clean surfaces used by sick people
- Sick people need a separate place away from others

3

DO NOT TOUCH YOUR FACE

- Hands off your mouth, nose, and eyes

4

TALK ABOUT THE DANGERS

- Coronavirus spreads easily
- People might not look or act sick but can still spread Coronavirus
- Go to www.covid19.mcw.edu and www.cdc.gov

5

USE SIMPLE FACE COVERINGS

- Cover your mouth and nose with a scarf, bandana, or cloth
- Do not touch the cloth face covering, face, eyes, nose, or mouth while it is being worn
- Before and after putting on a cloth face covering, wash hands
- Save N95 masks, surgical grade masks and face shields for healthcare workers
